Not applicable.	(continued of page 1)
SECTION 03: Composition/information on ingredients	
3.2 Chemical characterization: MixturesDescription: Mixture	
Dangerous components:	
CAS Number	%
Alcohol	50,001-100
EC number: 200-578-6	
🚸 Flam. Liq. 2 - H225; 🚸 Eye Irrit.	
2 - H319	
SECTION 04: First aid measures	
 4.1 Description of first aid measures General information: 	
Seek immediate medical advice.	
After inhalation:	
Supply fresh air and to be sure call for a doctor. • After skin contact:	
If skin irritation continues, consult a doctor.	
 After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, cons 	sult a doctor
After swallowing:	
Seek immediate medical advice.	
Information for doctor:	
4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.	
4.3 Indication of any immediate medical attention and special treatment nee No further relevant information available.	ded
SECTION 05: Firefighting measures	
5.1 Extinguishing media	
 Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water. 	
Use fire extinguishing methods suitable to surrounding conditions.	
 For safety reasons unsuitable extinguishing agents: Water with full jet 	
·	
5.2 Special hazards arising from the substance or mixture No further relevant information available.	
5.3 Advice for firefighters	
Protective equipment: Do not inhale explosion gases or comhustion gases	
Do not inhale explosion gases or combustion gases. • Additional information	
Cool endangered receptacles with water spray.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture • REGULATION (EC) No 1907/2006 ANNEX XVII

Conditions of restriction: 3

15.2 Chemical safety assessment:

A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

The information in this safety data sheet is based on the state of our knowledge at the date indicated. The information in this sheet must be regarded as a description of the safety requirements for the product, they are not to be considered a warranty or quality specification and have no contractual value on properties and application areas thereof. The information contained in this safety data sheet relate to the specific material designated and may not be valid with respect to the product associated with another product or process, unless it is specified in the text of this document. The required information complies with EU regulations in force. It does not exempt the user from knowing and applying all the national regulations in force.

- Relevant phrases
 - H225Highly flammable liquid and vapour.H319Causes serious eye irritation.
- Training hints

Minimum training in occupational risk prevention is recommended for personnel who will handle this product, in the purpose of facilitating the understanding and interpretation of this form of safety data in the same way as the labeling of the product.
