SECTION 04: First aid measures

- 4.1 Description of first aid measures
- General information: Seek immediate medical advice.
- After inhalation:
- Supply fresh air and to be sure call for a doctor.

1B - H317

After skin contact: If skin irritation continues, consult a doctor. Immediately wash with water and soap and rinse thoroughly.
After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
After swallowing: Seek immediate medical advice.
Information for doctor:

4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

| 6.1 Persor  | : Accidental release measures<br>al precautions, protective equipment and emergency proce<br>tive equipment. Keep unprotected persons away.  | edures   |

Ensure adequate ventilation Keep away from ignition sources.

6.2 Environmental precautions: Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system.

6.3 Methods and material for containment and cleaning up: Dispose contaminated material as waste according to item 13. Ensure adequate ventilation.

6.4 Reference to other sections

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

#### SECTION 07: Handling and storage

7.1 Precautions for safe handling Keep receptacles tightly sealed. Keep away from heat and direct sunlight. Ensure good ventilation/exhaustion at the workplace. Handle with care. Avoid jolting, friction and impact. • Information about fire - and explosion protection:

Keep ignition sources away - Do not smoke. Protect against electrostatic charges.

7.2 Conditions for safe storage, including any incompatibilities Storage:

- · Requirements to be met by storerooms and receptacles: Store only in the original receptacle. Prevent any seepage into the ground. Use only receptacles specifically permitted for this substance/ product. • Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep container tightly sealed. Protect from heat and direct sunlight. Store receptacle in a well ventilated area.

7.3 Specific end use(s)

No further relevant information available.
