CHEMICAL SAFETY DATA SHEET according to 2020/878/EC (1907/2006/EC Article 31)

	Reviewed on: 04.05. Printing date: 09.05.
SECTION 01: Identification of the sul	bstance/mixture and of the company/undertaking
1.1 Product identifier	
 Trade name: LAVANDIN SUPER OIL Article number: F7540 CAS Number: 8022-15-9 EC Number: 294-470-6 	
 No CAS EINECS: 91722-69-9 Registration number 01-2120736147-55-0001 	
1.2 Relevant identified uses of the subs Application of the substance / the prep Perfume ingredient Only for industrial use	stance or mixture and uses advised against aration
1.3 Details of the supplier of the safety	data sheet
Manufacturer/Supplier: BIOLANDES, BP2 TEL: +33(0)5. 2760 Route de Bélis email: fds@biol 40420 LE SEN FRANCE	
1.4 Emergency telephone number: FR-ORFILA (INRS):+33(0)1 45 42 59 59	
Classification according to Regulation GHS07 Skin Sens. 1 - H317 May cause an allergic Aquatic Chronic 3 - H412 Harmful to aquate effects.	skin reaction.
2.2 Label elementsLabelling according to Regulation (ECHazard pictograms	C) No 1272/2008
 GHS07 Signal word Warning Hazard statements H317 May cause an allergic skin reaction. H412 Harmful to aquatic life with long last Precautionary statements 	ting effects.
P261 Avoid breathing dust/fume/gas/mist/ P272 Contaminated work clothing should r P273 Avoid release to the environment. P280 Wear protective gloves. P302+P352 IF ON SKIN: Wash with plenty	not be allowed out of the workplace.
 2.3 Other hazards Results of PBT and vPvB assessment PBT: 	:
Not applicable.

SECTION 04: First aid measures

4.1 Description of first aid measures • General information: Seek immediate medical advice. • After inhalation: Supply fresh air and to be sure call for a doctor. After skin contact: If skin irritation continues, consult a doctor. Immediately wash with water and soap and rinse thoroughly. Immediately rinse with water. • After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor. After swallowing: Seek immediate medical advice. • Information for doctor: 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

SECTION 07: Handling and storage 7.1 Precautions for safe handling
7.1 Precautions for safe handling
7.1 Precautions for safe handling
Keep away from heat and direct sunlight.
Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols.
Handle with care. Avoid jolting, friction and impact.
 Information about fire - and explosion protection: Keep ignition sources away - Do not smoke.
Protect against electrostatic charges.
7.2 Conditions for safe storage, including any incompatibilities
7.2 Conditions for safe storage, including any incompatibilities Storage:
 Requirements to be met by storerooms and receptacles:
Store only in the original receptacle. Prevent any seepage into the ground.
Use only receptacles specifically permitted for this substance/ product.
 Information about storage in one common storage facility:
Not required. Further information about storage conditions:
Keep container tightly sealed.
Protect from heat and direct sunlight. Store receptacle in a well ventilated area.
7.3 Specific end use(s) No further relevant information available.

PROD	UCT : LAVANDIN SUPER OIL
	(continued of page 4)
SECT	ION 08: Exposure controls/personal protection
•	L Control parameters Ingredients with limit values that require monitoring at the workplace: Not required. Additional information:
	The lists valid during the making were used as basis.
•	2 Exposure controls Individual protection measures, such as personal protective equipment General protective and hygienic measures: The usual precautionary measures are to be adhered to when handling chemicals. Immediately remove all soiled and contaminated clothing
•	Wash hands before breaks and at the end of work. Do not inhale gases / fumes / aerosols. Do not inhale dust / smoke / mist. Avoid contact with the skin. Respiratory protection: Use suitable respiratory protective device in case of insufficient ventilation.
*	Filter P3 In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device. Protection of hands: Protective gloves
	The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation
	Material of gloves The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Penetration time of glove material
	The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
	Eye/face protection
	Safety glasses Body protection:
*	Body protection: Impervious protective clothing Boots

9.1 Information on basic physical and cher	nical properties	
General Information		
Physical state	Fluid	
Colour:	light yellow	
Odour:	lavandin	
Odour threshold:	Not determined.	
Melting point/freezing point:	< -20,0 °C	
Boiling point or initial boiling point and boiling range	141,5 °C	
Flammability	Not determined.	
Lower and upper explosion limit		
Lower:	Not determined.	
Upper:	Not determined.	
Flash point:	80,0 °C NFT 60-103 CC	
Decomposition temperature:	Not determined.	
PH	Not determined.	
Viscosity:		
Kinematic viscosity	Not determined.	
Dynamic:	Not determined.

SECTION 16:	Other information
The informati information in	on in this safety data sheet is based on the state of our knowledge at the date indicated. The In this sheet must be regarded as a description of the safety requirements for the product, they are not red a warranty or quality specification and have no contractual value on properties and application

areas thereof. The information contained in this safety data sheet relate to the specific material designated and may not be valid with respect to the product associated with another product or process, unless it is specified in the text of this document.

The required information complies with EU regulations in force. It does not exempt the user from knowing and applying all the national regulations in force.

- Relevant phrases
 - H226 H228 Flammable liquid and vapour. Flammable solid.

 - H302
 - Harmful if swallowed. May be fatal if swallowed and enters airways. H304
 - H315 Causes skin irritation.
 - H317 May cause an allergic skin reaction.
 - H318 Causes serious eye damage.
 - H319 Causes serious eye irritation.
 - H332 Harmful if inhaled.
- H371 May cause damage to organs.
- H400 Very toxic to aquatic life.
- Very toxic to aquatic life with long lasting effects. H410
- H412 Harmful to aquatic life with long lasting effects.
