SECTION 04: First aid measures	
4.1 Description of first aid measures	
<ul> <li>General information: Seek immediate medical advice.</li> </ul>	
After inhalation:	
Supply fresh air and to be sure call for a doctor.	
<ul> <li>After skin contact: If skin irritation continues, consult a doctor.</li> </ul>	
Immediately wash with water and soap and rinse thoroughly.	
<ul> <li>After eye contact: Rinse opened eye for several minutes under running water. If symptom</li> </ul>	a partist, concult a dactor
<ul> <li>After swallowing:</li> </ul>	s persist, consult a doctor.
Seek immediate medical advice.	
Information for doctor:	
4.2 Most important symptoms and effects, both acute and delaye	ed
No further relevant information available.	
4.3 Indication of any immediate medical attention and special tre	eatment needed
No further relevant information available.	
SECTION 05: Firefighting measures	
5.1 Extinguishing media	
<ul> <li>Suitable extinguishing agents:</li> </ul>	
CO2, sand, extinguishing powder. Do not use water.	
Use fire extinguishing methods suitable to surrounding conditions.	
<ul> <li>For safety reasons unsuitable extinguishing agents: Water with full jet</li> </ul>	
5.2 Special hazards arising from the substance or mixture	
Formation of toxic gases is possible during heating or in case of fire.	
<ul><li>5.3 Advice for firefighters</li><li>Protective equipment:</li></ul>	
Do not inhale explosion gases or combustion gases.	
<ul> <li>Additional information Cool endangered receptacles with water spray.</li> </ul>	
SECTION 06: Accidental release measures	
6.1 Personal precautions, protective equipment and emergency   Wear protective equipment. Keep unprotected persons away.	procedures
Ensure adequate ventilation	
Keep away from ignition sources.	
6.2 Environmental precautions:	
Do not allow product to reach sewage system or any water course.	
Inform respective authorities in case of seepage into water course or sewa	age system.
6.3 Methods and material for containment and cleaning up:	
Dispose contaminated material as waste according to item 13.	
Ensure adequate ventilation.	
6.4 Reference to other sections	
See Section 7 for information on safe handling.	
See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

ECTION 09: Physical and chemical	
9.1 Information on basic physical and chemi	cal properties
General Information	
Physical state	Fluid
Colour:	colourless to light yellow
Odour:	terpenic
Odour threshold:	Not determined.
Melting point/freezing point:	< -20,0 °C
Boiling point or initial boiling point and boiling range	171,0 °C
Flammability	Not determined.
Lower and upper explosion limit	
Lower:	Not determined.
Upper:	Not determined.
Flash point:	38,5 °C NFT 60-103 CC
Decomposition temperature:	Not determined.
pH	Not determined.
Viscosity:	
Kinematic viscosity	at 40,00 °C 6,00 mm2/s
Dynamic:	Not determined.
Solubility	
water:	Not determined.
Partition coefficient n-octanol/water (log value)	Not determined.
Vapour pressure:	Not determined.
Density and/or relative density	
Density:	Not determined.
Relative density	0,8500 0,8700 D20/4
Vapour density	Not determined.
9.2 Other information	No further relevant information available.
Appearance:	
Form:	fluid
Important information on protection of healt	h and environment, and on safety.
Auto-ignition temperature:	Not determined.
Explosive properties:	Not determined.
Solvent content:	
Solids content:	0,00 %
Change in condition	
Evaporation rate	Not determined.
Information with regard to physical hazard c	
Explosives	not applicable
Flammable gases	not applicable
Aerosols	not applicable
Oxidising gases	not applicable
Gases under pressure	not applicable
Flammable liquids	Flammable liquid and vapour.
Flammable solids	not applicable
Self-reactive substances and mixtures	not applicable
Pyrophoric liquids	not applicable
	••
Pyrophoric solids	not applicable
Self-heating substances and mixtures	not applicable

Substances and mixtures, which emit flammable gases in contact with water	not applicable	
Oxidising liquids	not applicable	
Oxidising solids	not applicable	
Organic peroxides	not applicable	
Corrosive to metals	not applicable	
Desensitised explosives	not applicable	

### SECTION 10: Stability and reactivity

10.1 Reactivity No further relevant information available.

10.2 Chemical stability

10.3 Possibility of hazardous reactions No dangerous reactions known.

10.4 Conditions to avoid No further relevant information available.

10.5 Incompatible materials: No further relevant information available.

10.6 Hazardous decomposition products: Not determined.

#### SECTION 16: Other information

The information in this safety data sheet is based on the state of our knowledge at the date indicated. The information in this sheet must be regarded as a description of the safety requirements for the product, they are not to be considered a warranty or quality specification and have no contractual value on properties and application areas thereof. The information contained in this safety data sheet relate to the specific material designated and may not be valid with respect to the product associated with another product or process, unless it is specified in the text of this document.

The required information complies with EU regulations in force. It does not exempt the user from knowing and applying all the national regulations in force.

- Relevant phrases
  - H226 Flammable liquid and vapour.
  - H302 Harmful if swallowed.
  - H304 May be fatal if swallowed and enters airways.
  - H315 Causes skin irritation.
- H317 May cause an allergic skin reaction.
- H319Causes serious eye irritation.H331Toxic if inhaled.
- H400 Very toxic to aquatic life.
- H410 Very toxic to aquatic life with long lasting effects.
- H411 Toxic to aquatic life with long lasting effects.
- H412 Harmful to aquatic life with long lasting effects.

• Training hints

Minimum training in occupational risk prevention is recommended for personnel who will handle this product, in the purpose of facilitating the understanding and interpretation of this form of safety data in the same way as the labeling of the product.
